

# Pig

- **PigLatin**
  - A dataflow scripting language
- **Sample Pig script:**

```
stock = LOAD '/user/fred/stock' AS (id, item);
orders = LOAD '/user/fred/orders' AS (id, cost);
grp = GROUP orders BY id;
totals = FOREACH grp GENERATE group,
    SUM(orders.cost) AS t;
result = JOIN stock BY id, totals BY group;
DUMP result;
```
